**Chamber of Commerce Update  
By Dale McQueen**

The 2016 Bonham Area Chamber of Golf Tournament has been rescheduled for June 24, 2016 at Legacy Ridge Country Club. The event this year will feature a chance to win a new car with a hole-in-one on hole number 14. In addition, we will have a chance to win other great prizes with a hole-in-one on three other par 3's on the course. The first place team members will all win a monogrammed high quality cart bag each. The second place team will all win new high quality sand wedges. The third place team members will all win a free round of golf at Legacy Ridge County Club plus a free dinner at Rolando's. We have some great goody bag items lined up for all the players who participate also. For more information, visit the chambers website and click on the link 2016 Golf Tournament. The chamber is also selling hole sponsor signs for this event at \$100 per sign. As a buyer of a hole sign, you will have the opportunity to take place them in your business after the conclusion of the event. We can create almost any design you would like to have this year.

The chamber has scheduled a Christian Concert on June 25, 2016 at the Fannin County Multipurpose Complex with the headline act being "Abandon". Tickets are \$10 each and can be purchased on-line, at the chamber office, and from various business and individuals throughout town. We are also in the process of having 2-3 acts proceed the Abandon group.

**Multipurpose Complex Update  
By Dale McQueen**

The complex hosted the annual Farm Bureau day for fourth graders throughout the county. Over 400 kids attended this annual event to learn more about farming.

The complex will host three events this month: 2 private parties and the Bonham Chamber of Commerce's concert featuring the group "Abandon" on June 25<sup>th</sup>.

The stage the complex purchased two months ago was used for the Bonham High School Graduation held at the high school on June 3<sup>rd</sup>. Carriers have been made to move the individual parts around from one location to the next. This allows for easier movement of the 3,500 pound stage but will also allow us to move it through any three foot door if needed to get inside a building.

With the wet weather last year and this year we will start work on repairing some of the roads at the complex as soon as the weather dries up enough to allow it.
